

BASS LAKE GOLF COURSE
3000 Alexandrite Drive, Rescue, CA 95672

May 31, 2015

Dear Patrons,

I am writing to inform you that Bass Lake Golf Course will be closing on July 1, 2015. The last day that the course will be open for play is June 30, 2015. Drought conditions have heavily influenced this decision.

Those that have gift certificates are encouraged to use the full value by June 30th. Daily deal vouchers (Groupon, Living Social, etc.) may also be redeemed for the promotional or cash value by that date. NCGA members that have selected Bass Lake Golf Course as their home club will remain active throughout the calendar year. You may continue posting scores on our terminal, online, or at any other course terminal on the NCGA network. Annual members will receive a prorated refund for the unused balance of their 2015 membership.

The driving range and practice putting green will remain open to the public and hours of operation will continue to be sunrise to sunset. We will continue to honor gift certificates for driving range or food and beverage purchases after June 30th. It has been a pleasure serving the loyal customers of Bass Lake Golf Course. Please don't hesitate to contact me or the General Manager if you have any questions.

Kindest Regards,

Sabrina Ho
Owner
Bass Lake Golf Course
